1. Best TA I've had so far

2. I really liked having Jerry as my TA for Philosophy 301. I was comfortable asking him questions and he gave me feedback on my essays. He was a great TA who had a lot of excitement for his job. My only suggestion would be for him to write more things on the board about the lectures. I think the students would benefit from a structured and bullet point summary of material.

3. Jerry was very helpful and an awesome TA, he made everything clearer when the Professor was confusing. He made Philosophy easier and a bit interesting for me.

1. Best TA yet!
2. Jerry's a great TA. I especially liked when he would somewhat sit back during discussion sections and simply let us as a class talk and flesh out the assignments. He would moderate the discussion for accuracy, make sure we were staying on topic, or directing us to move forward through the conversation, but otherwise just sat and listened. He's also really approachable.
3. Jerry was a very good TA. Many topics that were confusing during lecture would be ironed out due to his instruction. His TA sessions were always enjoyable and he made sure that the class always participated. I feel that the course would have been better had it been lead by Jerry
4. Very good TA, cares about his students
5. He is naggy and obnoxious. He cusses in front of students and I caught him winking at me. Just kidding. He's honestly ten times more helpful than the actual professor. He's able to get to the meat of the topic without dancing around politically correct wording. In other words, he explains crap in a way college kids can understand. Overall he's just a genuine, caring person who wants his students to succeed. Don't be intimidated by his hair. He won't beat you up.

1. Jerry is a great TA. He did a fantastic job of conveying even the more difficult material to students in a way that was both interesting and comprehensible. He was very responsive to questions, and made his interest in the topic area clear. He promptly grades assignments and provides helpful explanations of whatever point deductions are made. He always responds to emails in a timely manner and does his best to be available and understanding of students's situations. In short, he's by far the best TA I've had.
 2. I didn't talk much in his TA session but he was extremely accommodating from what I observed. My session loved him and he was a really knowledgeable and welcoming guy. I know you're gonna read this, so thanks, Jerry.
 3. Best TA ever!
