1. I can't really think of anything you can improve on. Keep it up! I really enjoyed having you as a TA.
 2. Very good job. Enjoyed having you as my TA. Made the class much more fun and interesting.
 3. He was always available whenever I needed help with something. Also helped explain our assignments thoroughly which was greatly appreciated seeing as how we had many assignments. In addition it was obvious that he truly cared about our progress in the class. He did a great job of helping me to understand how to improve my work so I could get a better grade.

1. Jerry is an excellent teaching assistant. He knows what he is talking about, is passionate about the subject, and is very kind and respectful when giving advice or criticisms. He does not make the students feel intimidated, and he lets them know he is available to help. Students are not afraid to talk to him or ask him questions. This is why his advice and criticisms on papers or debates or the class in general is very helpful.

2. Jerry was awesome and completely interested in the course and the material. It was nice working with him because since day one, he's been telling us how lucky we are to have a professor like Woodruff, so that feeling of excitement radiates within his discussion groups.
