1. He is honestly the best TA I could have ever asked for!
2. Jerry Green was a very good teacher assistant because he made the subject interesting and cleared up concepts or ideas that were confusing. He was very clear on what we wanted out of our assignments and was always willing to help us students in any way that he could.
3. Jerry was an excellent TA! He was great at explaining all of our assignments and giving feedback on them. He was very nice and willing to help at all times.
4. Really nice and easy to talk to approach. Was good at explaining things and breaking up essays into small chunks that helped me with organization and writing the essays. Liked how he let us email him drafts and give us feedback over them before we turn them in. Very good about responding to emails.

1. Jerry was the best TA I've ever had

2. Jerry knew what he was talking about and he's very patient with everyone's anxiety over the essays given in Medical Ethics. He was great!

3. Jerry went above and beyond to ensure that students understood his expectations. His willingness to help students understand the course material was greatly appreciated. I also appreciated that he would give actual advice and explain how to properly write papers, rather than leaving a large amount of guesswork for the student, as many professors do. Overall, Jerry is an excellent TA, and my only suggestion for him would be to lecture at a slightly faster pace.
